

VIKING WATER

3 kW | Diesel Heater

Power:	900-3000 W
Operating Voltage:	12 V DC
Fuel Consumption:	0,10-0,30 l/h 3.4 -10.0 oz/hr
Electricity Consumption:	0,6-1,0 A
Dimensions:	L 319 mm / 12 9/16" W 140 mm / 5 1/2" H 309 mm / 12 3/16"
Weight:	8,4 kg / 18,5 lbs.

**HOT WATER
&
WARM AIR**

Two-in-one solution. The unit **heats vehicle/boat** and **water** automatically like in home. Just press start and enjoy.

Wallas Viking Water is a totally automatic water heating system, which can be used solely for **heating domestic fresh water** or it can be used to **power up floor, radiator and air heating**.

Compact, stackable rectangular **boiler** is one of the **space-saving** innovations in the system.

Cylinderstat lets you start the heater automatically when you open the water tap or take a shower.

Built-in mountain switch ensures **reliability** at elevation.

E-mark approved for vehicles.

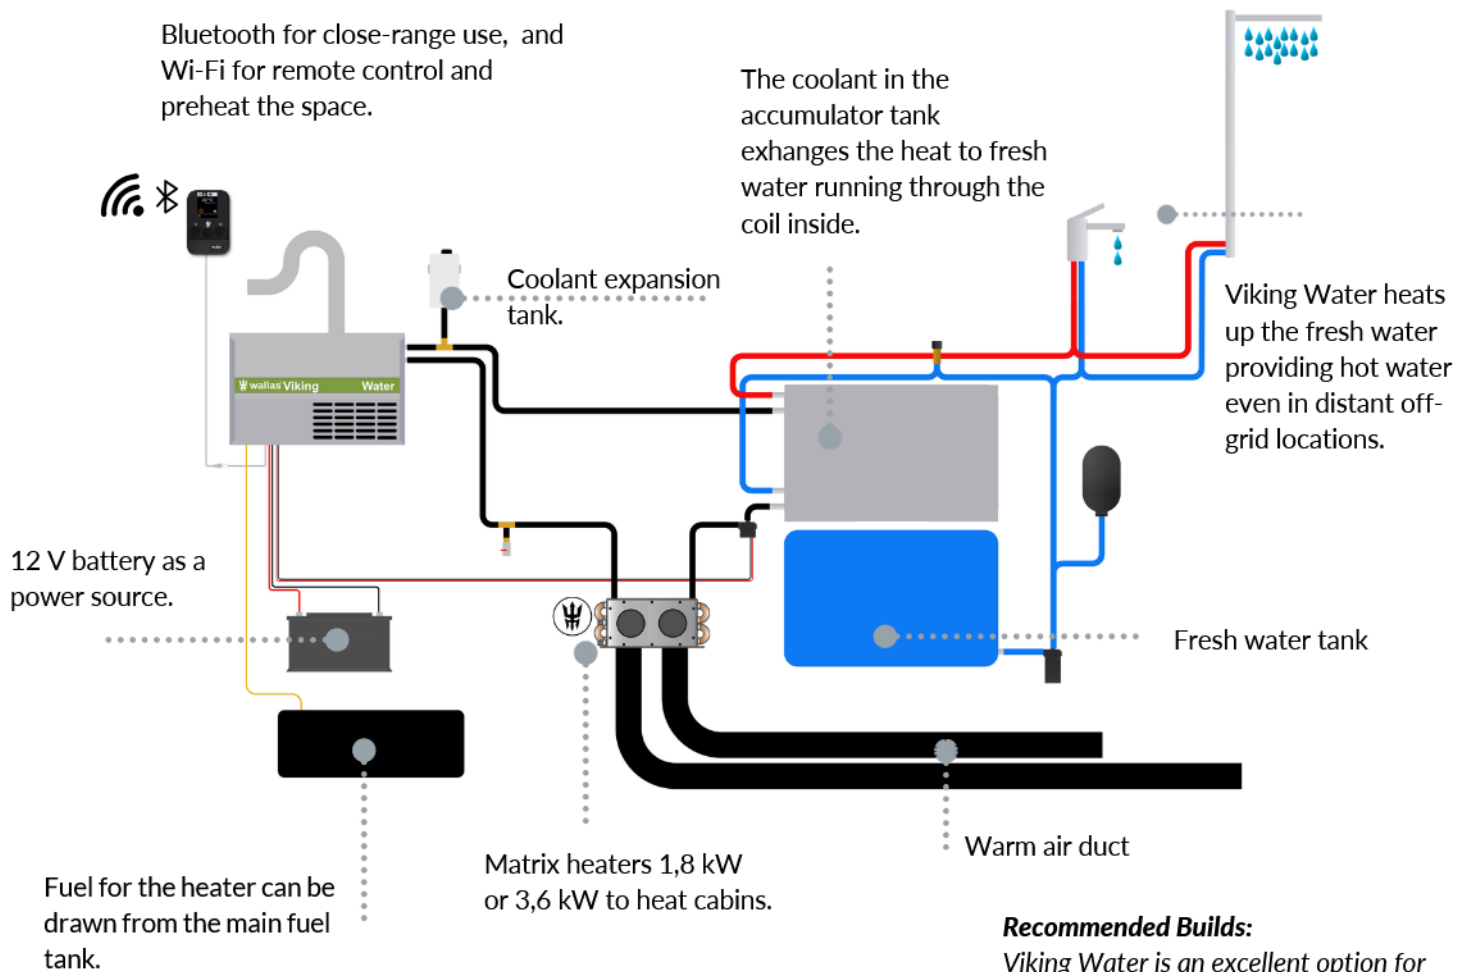

The system enables **long shower time**; 20 min with 24 l boiler and 12 min with the smaller 16 l boiler (with 6l/m flow).

Summertime mode allows you to **heat only the hot shower water** system without heating the indoor space.

Remote accessibility enables **global support** and diagnostics.

INSTALLATION

Bluetooth for close-range use, and Wi-Fi for remote control and preheat the space.

Recommended Builds:

Viking Water is an excellent option for camper vans, boats, cottages office/break room containers and construction trailers.

ACCESSORIES

SILENT | Air Heater

7400
3,6 kW

7300
1,8 kW

True stepless heat control enabling premium comfort.

Designed to complement the water heating system. Enables air heating using the coolant heating cycle.

UTILITY MODEL

Hot Water Accumulator

24 WA
24 L

16WA
16 L

The accumulator tank is filled with coolant and it exchanges the heat from coolant to fresh water running through the coil inside.
